

The Largest  
Nationwide Roadside  
Charging Network

The First Nationwide  
EV Battery Recycling  
Program

## Peace of Mind for Every EV Buyer, Dealer & Service Center.

- Fully Charged provides the industry's top EV battery coverage
- Nationwide EV Battery Recycling with our partner Cirba Solutions. Battery pick up from any dealer
- Every VSC includes roadside assistance through our partners Questx & NSD. These two companies recently combined forces to create the best provider of roadside assistance in all of North America
- With a combined 90 years of experience, NSD & Questx have revolutionized roadside assistance. Their independent service providers utilize SparkCharge for EV roadside charging
- SparkCharge is the first company to create an EV charging system and network. They don't just lead the field, they created the field
